

Fire Team vs Ice Team

HOW THE SEVEN POSITIONS MATCH UP

GOAL SHOOTER (GS)

The Goal Shooter waits in the shooting circle, ready to score the moment they get the ball. The Goal Keeper stays right with them, jumping to block every shot.

PLAYS GK

GOAL ATTACK (GA)

The Goal Attack helps move the ball into the shooting circle and shoots for goal too. The Goal Defence stays right behind them, putting their hands up to block shots.

PLAYS GD

WING ATTACK (WA)

The Wing Attack zips around the court to pass the ball into the shooting circle for the shooters. The Wing Defence chases them, jumping in front of every pass.

PLAYS WD

CENTRE (C)

Both teams' Centres are the busiest players on the court. They run from one end to the other, passing, defending, and helping wherever the ball goes.

EACH TEAM HAS ONE

WING DEFENCE (WD)

The Wing Defence guards the middle of the court to stop the other Wing Attack from getting passes through. The Wing Attack dodges and weaves to get free.

PLAYS WA

GOAL DEFENCE (GD)

The Goal Defence sticks close to the Goal Attack, putting their hands up to block shots and grab loose balls. The Goal Attack twists and turns to get free.

PLAYS GA

GOAL KEEPER (GK)

The Goal Keeper stands tall under the goal post, jumping high to swat away shots. The Goal Shooter watches for an open moment to score.

PLAYS GS
